

Liquid Warewashing Program FAQs

Program Overview

Q: What is the Liquid Warewashing Program and why did we develop it?

A: The Liquid Warewashing Program is a complete liquid machine warewash program featuring detergents, rinse aids and sanitizers. It offers versatile, hard-working solutions to deliver results in diverse water conditions. Swisher continually innovates to deliver best in class results and address the evolving needs of our customers. Swisher's Liquid Warewashing Program combines higher performing detergents and rinse aids to help drive labor efficiency through less rewash and hand polishing.

The Chemistry Details

Q: What products are available in the Liquid Warewashing Program?

A: The Liquid Warewashing Program is a complete liquid warewashing program with hard-working products for enhanced results in all water conditions. This program includes:

- Bio Clean Dishmachine Detergent
- Dishmachine Detergent Heavy Duty
- Bio Rinse Multi Temp Dishmachine Drying Agent
- Dishmachine Rinse Additive Heavy Duty
- Low Temp Dishmachine Sanitizer

Q: Is the Liquid Warewashing Program replacing existing liquid warewash products?

A: Yes, see reference table below.

NOTE: No SKU change for customers currently purchasing Low Temp Dishmachine Sanitizer.

Current Products					New Products			
Category	Tier	SKU	Description	Pack Size	Recommended/Same SKU		Description	Pack Size
Machine Detergent	All Purpose	6101405	Bioclean Dishmachine Detergent	4-1 gal	Same SKU →	6101405	Bio Clean Dishmachine Detergent	4-1 gal
		6101255	Liquid Dishmachine Detergent	4-1 gal	New SKU →			
		6101404	Bioclean Dishmachine Detergent	1-5 gal	Same SKU →	6101404		1-5 gal
		6101216	Liquid Dishmachine Detergent	1-5 gal	New SKU →			
	Heavy Duty	6101320	Ultra Liquid DM Detergent	1-5 gal	New SKU →	6102521	Dishmachine Detergent Heavy Duty	2-1 gal
Rinse Aid	All Purpose	6101413	Bio Rinse Multi Temp DM Drying Agent	1-5 gal	Same SKU →	6101413	Bio Rinse Multi Temp Dishmachine Drying Agent	1-5 gal
		6101234	Liquid Rinse Additive	1-5 gal	New SKU →			
		6101272	Liquid Rinse Additive	4-1 gal	Same SKU →	6101272	Rinse Additive	4-1 gal
	Heavy Duty	6101250	Heavy Duty Rinse Additive	2-5 qt	New SKU →	6102522	Dishmachine Rinse Additive Heavy Duty	2-1 gal
		6101297	Ultra Rinse Additive	2-1 gal (CL)	New SKU →			
Machine Sanitizer		6101302	Low Temp Dishmachine Sanitizer	4-1 gal	NA	6101302	Low Temp Dishmacine Sanitizer	4-1 gal
		6101284	Low Temp Dishmachine Sanitizer	1-5 gal	NA	6101284		1-5 gal

Liquid Warewashing Program FAQs

The Chemistry Details (continued)

Q: How do the Liquid Warewashing Program solutions compare to the previous liquid warewash line from Swisher?

A: The Liquid Warewashing Program provides a simpler, stronger product offering, with enhanced formulas providing the following results in market test and customer experiences to date:

- Bio Clean Dishmachine Detergent offers specially formulated chemistry that counteracts the effects of chlorine sanitizer to help reduce dishmachine surface rust, leading to less part replacements and equipment service + maintenance needs
- Dishmachine Detergent Heavy Duty offers a new highly built chelant and polymer chemistry that removes soil better, reduces staining on wares, and leads to cleaner dishmachines
- Bio Rinse Multi Temp Dishmachine Drying Agent offers a new surfactant package that improves sheeting, leading to 15% faster dry times
- Dishmachine Rinse Additive Heavy Duty combines both hard water and TDS management into a single product that addresses extreme water conditions, and offers a high-performance surfactant package that significantly improves sheeting, leading to 25% faster dry times than High Solids Rinse Additive or Ultra Rinse Additive
- Customers experienced improved glassware results (reduction in spots, cloudiness) when using the new Liquid Warewashing solutions

Q: Will I need to change any warewashing procedures with the transition to the Liquid Warewashing Program?

A: No, you can continue to keep your current warewashing procedures and receive the benefits of the Liquid Warewashing Program.

Q: When will Liquid Warewashing solutions be available?

A: The Liquid Warewashing products will be available in June 2023.

Q: Where can I learn more about the Liquid Warewashing Program?

A: Additional information is available at: [swsh.com](https://www.swsh.com)
