

Deliver Pristine Glassware Even in Tough Water Conditions

Reduce spotting on glasses, dishes and flatware and for a great guest experience with your efficiently run dishroom.

SWISHER DISHMACHINE RINSE ADDITIVE HEAVY DUTY

- Designed for challenging water conditions
- Specially formulated to manage hard water and high TDS (total dissolved solids) water
- Reduces rewash and hand polishing
- Provides superior sheeting and reduced dry times, even on plastics

Swisher Liquid Rinse Additive Heavy Duty

This specially formulated concentrated rinse additive is designed to work in hard water conditions and handle high TDS (total dissolved solid) water. Highly active surfactants provide for excellent sheeting and fast drying, so dishes and wares are leaving the dishroom quickly and requiring less labor to see the great results.

DIRECTIONS:

Consult your Swisher representative for specific use instructions and recommended dispensing equipment.
